Meet Format & Timeline:

A Flight Prelims:	Assigned Warm-up (7:00-8:10am) Competition (8:20-10:30am estimate)
B Flight Timed Finals:	Assigned Warm-up (roughly 30 minutes after A Flight) Competition (12:30-4:30pm estimate)
A Flight Finals:	Open Warm-up (roughly 30 minutes after B Flight) Competition (6:00-8:30pm estimate)

Entry Info:

This will be an A & B flight meet with cut times. The A flight will be a prelims/finals meet format, and the B flight meet will be a timed finals meet format. Swimmers are permitted to compete in either the A flight *or* the B flight, but not both. Each team is allowed to add up to two swimmers without A Flight qualifying times if needed to complete an A Flight relay. Those swimmers may then compete only in the A Flight 50s in their individual events, even if they don't have the A Flight cut in those events. Similarly, if a swimmer has the cut in only one A flight event, he or she may also compete in an A flight 50 as their second individual event. **To clarify, all A Flight swimmers are allowed to compete in up to four total events, so swimmers who have less than two individual cuts may enter an A Flight 50, regardless of whether they've achieved the cut for that event or not.**

There are no team entry limitations for any individual event (you can enter your entire team into the same event if you want); however, regardless of session, each swimmer may swim no more than four total events, no more than two of which may be individual events.

Teams may enter both A & B 200 medley and 200 free relays for both flights. Relay-only swimmers can be added by assigning them to one or more relays as either one of the 4 relay swimmers or as an alternate on the relay. This will be required to enter into events with non-qualifying times.

Only swimmers entered via online entry may participate in this meet (no exceptions).

Observed Meet:

The 2026 Ned Reeb Memorial Invitational will be a USA Swimming "Observed" meet. You must include your swimmers' full name, USA ID, and DOB in your entry file if you wish to have athlete times loaded into SWIMS. We will not add USA ID #s during the meet.

Scoring:

A flight Individual and relay swimming events will be Prelims/Finals with the Finals Session composed of a Consolation (B-Final) and a Championship (A-Final). Twenty (20) places will be scored for each individual and relay event. The B flight is unscored.

A Flight Time Standards:

There are no qualifying times for relays. Individual qualifying times are equivalent to the 15-16 'A' National Motivational Time Standards provided by USA Swimming. New this year, any relay-only or single-event qualifier is also permitted to enter additional 50s to reach the 2-individual event maximum. Swimmers who wish to swim a 50 but do not have a proof of time must then just have proof of another qualifying time and may then swim the 50 as a bonus event.

Coaches must submit proof of time for all A cuts and 500 free entries with your entry files (web address of official results, scan of results, photo from phone). The 500 free will be limited to the 40 fastest girl's times and the 40 fastest boy's times entered.

You may enter an alternate event for 500 swimmers if you are not certain they will be top 40. Please check "bonus" in the alternate entry.

There are no qualifying times for the B-flight; however, we may limit the number of swims in some events due to time constraints. The 500 free will be limited to 3 heats. Rather than limit each event to a specific number of heats, entries will be accepted and adjustments will be made to accommodate as many swimmers as possible.

Missed Cuts: A team that has an excessive number of athletes not making the time standards in events runs the risk of not being permitted entry into future Ned Reeb meets.

Deck Passes: Teams will receive one (1) coach deck pass for each six (6) swimmers entered in the meet. Additional passes may be purchased for $10 at the admin table.

Event Format: **A flight**: Genders will be competing in opposite ends of the natatorium during prelims. All finals heats will be swum in the South pool (nearest diving well). We may begin the boys' events first during Prelims to avoid conflicting whistles since we'll be running two pools simultaneously.

B-flight: Genders will be competing in opposite ends of the natatorium.

Timer Requirement: Larger teams will be required to provide timers for that session in the A flight prelims and B flight timed finals. We will do our best to accommodate timers to be in the same pool in which their child is competing.
